Office of the Dewan of Mysore,

NOTE

Dated 24th June. *1932*

DEWAN'S OFFICE
24 JUN 1932

General Secretary

Knowing the tendency on the part of the Municipalities in Bangalore and Mysore Cities to give away valuable open spaces for building purposes, I think it is very desirable to prepare a list of open spaces which, it should be laid down, shall not be disposed of by the Municipalities without the express sanction of Government

2 Action may be taken to have such a list prepared in consultation with the Municipalities, Director of Health and the Deputy Commissioners, and to pass a Government Order as indicated above The object should be to make it as difficult as possible for any one - be it the Municipality or even Government - to affect the utility of these lung spaces

TOWN PLANNING SECTION 30 AUG 1932 GENL & REV SECT

i) The list sent by the Mun' Com' of Municipal ~~Open spaces~~ Lands in Bangalore city proposed to be kept as 'long spaces is flagged F

ii) The list of open spaces in the Mysore city is in the Rule 10-30 and is flagged D The Chairman of the Trust Bd, Mysore, has been addressed in this Office No L 1302-87 13 & 30 that none of these spaces should be disposed of or built upon without the special permission of Govt

iii) In para 8 supra the II Member has drawn attention that a formal G.O under the appropriate section of the Rule Regn would have to be issued both in regard to Mysore & Bangalore - There seems to be no provision in the Regulation under which Govt can pass an order directing the said spaces to be kept open, unless Govt resume the properties under Sec 50 (3) of the Mun' Regn - It applies to all lands vested in the Govt or Municipal — and vide an order of the kind The lands in Bangalore proposed to be kept open are said to be Municipal lands

iv) Another course possible is for the Municipal Councils to pass a resolution that these spaces shall be kept open and not given over for building purposes without the sanction of Govt - Whether the Rules would do this is not clear The Mun' Com' letter however says that the lands are proposed to be kept as long spaces & it has come through the President who perhaps agrees with the idea
